### A MESSAGE FROM THE EDITOR

This is the 5<sup>th</sup> edition of the "Tech Trojan Times." The Auditorium Restoration and Tech Hall of Fame committees publish this newsletter (at no cost to our alumni) in an effort to keep you informed of our efforts to raise money to restore the school auditorium. The benefits of our project are not only for our alumni, and to restore one of Omaha's landmarks, but it will serve the entire Omaha community as well. As you have read, we even created a web site to help promote our efforts, (again funded by our committees) to keep you informed on our progress. But we still need your help and involvement to achieve our goal. We receive very little feedback

on either the newsletter or the web site. In order to help justify our costs, we would greatly appreciate your involvement and feedback, whether it be in the form of ads (like those above), or your ideas on articles, projects, or even to donate your time and talents to our committees. We are a non-profit organization, and as such, receive no compensation for our work and efforts. We truly believe in our project, but for it to succeed, we need your help and involvement. Please help us keep our newsletter, web site and project a reality.
